Work Experience

Monokrom Inc.

Web Developer, Tokyo 2019/12 - 2020/6

developed web applications using php, jQuery

Saola Inc.

Web Developer, Tokyo 2020/04 - 2020/6

developed web applications using ruby on rails

Internship

CyberAgent 2days Engineer Internship

Skills

Golang

I like the simple syntax and the fact that you can run a web server with only a standard library. I'm currently learning to create an interpreter.

Dart

I'm using flutter to create an application to help high school teachers make grading in class easier.

PHP

Used to create web applications. It's dynamically typed so I try to write comments well.

Competition programming

Green in Atcoder. Understand basic algorithms and data structures.

C++/Ruby

Heroku/Docker/Nginx
